environmental-friendly doesn't mean cost-saving or compromising on comfort, but a value-added stay experience instead.

“While skipping the full housekeeping service can help scale down water and electricity usage at the [Hong Kong hotel](#), the best part about this program is that every participating guest will feel as if they were home because they can enjoy as many items from the minibar as they like without having to pay - just like when one opens up the fridge at home,” says Ms Anita Chan, the General Manager of Dorsett Wanchai, Hong Kong.

Stay Longer to Save More, and Save the Earth through Dorsett Ecovalue+

One night is absolutely not enough to explore a vibrant city like Hong Kong, which is why Dorsett Wanchai has presented the **'Stay Longer and Save More' Package** with 15% off for 2 nights' stay, 20% off for 4 nights' stay and, up to 35% off for a minimum of 7 nights' stay. Eco-minded travellers who stay at the hotel for more than one night can also join the **Dorsett Ecovalue+** program, during which they can choose to opt-out of full housekeeping service, and be rewarded with a complimentary one-time minibar valued at HK\$600. Daily essentials such as towels, bathroom amenities, and mineral water will still be replenished on a daily basis to ensure guests' comfort.

“We believe the Dorsett Ecovalue+ program can lead to a significant effect in saving the planet when all of these small efforts from our guests are brought together. With the ultimate goal of achieving EarthCheck Gold-status in the coming year, we promise to deliver even more innovative offerings as an eco-friendly hotel.” Said Ms Anita Chan.
